In order to buy electronics, you must save for them. Below is the price chart for electronics:

Electronics	Price
Airpods	\$170
Playstation 5	\$500
iPhone	\$800
Apple Watch	\$350
Drone	\$300

Use the chart to answer the following questions:

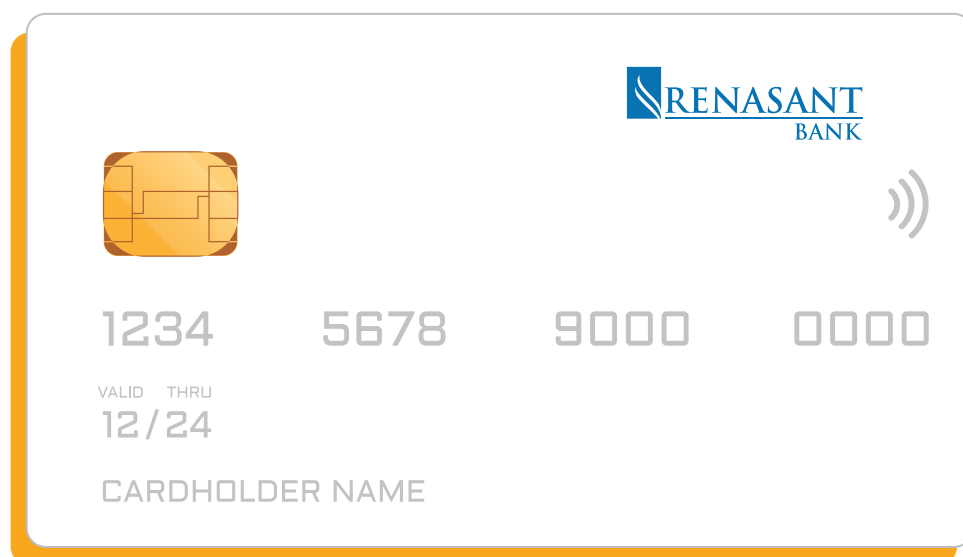

1. What would be the total cost of AirPods and an Apple Watch?
2. How much would three PlayStation 5s cost?
3. What is the total price for a full Apple Bundle (AirPods, Apple Watch, and iPhone)?
4. If you save \$500, will you be able to buy a PlayStation 5 and a Drone?
5. How much would the electronics cost that you want to buy?

Once you've earned the money, you'll need somewhere to store it. Renasant Bank can help you open a savings or checking account.

A savings account helps you save money over the years. With a savings account, you can also earn interest. Interest is the amount of money a bank will give you for keeping money in your savings account.¹

A checking account allows you to put money in the bank instead of carrying cash. With a checking account, you can use a debit card to make purchases - a safer way to spend your money.²
